

THE CLAY CITY TIMES.

50 Cents a Year in Advance.

We are here to help Clay City, the Surrounding Country and Ourselves.

J. E. Burgher, Jr., Publisher.

VOL. 8.

CLAY CITY, KY., THURSDAY, JANUARY 15, 1903.

NO. 3

Natural Gas Explosion in Estill.

A special of Monday says: The people living along White Oak creek, Estill county thought the end of the world had come Wednesday night, when an explosion of natural gas occurred, blowing up the earth for a distance of several yards. The gas has been escaping from the rocks along the creek bed for many years, but no harm was ever done before. After the explosion occurred the gas became ignited and burned over an area of half an acre, until finally the flames were smothered.

The company owning the lease on this property began drilling about ten days ago on Sonny Powell's place half a mile up the creek. No one was near when the bank let go, but the jar woke up all the people in the neighborhood. An expert mining engineer from Pennsylvania, who visited the place last week, said that when the drill was placed near the escaping gas the boiler would have to be removed a distance and the steam piped to the engine. He said it was the strongest flow of natural gas he had ever seen.

Heads Should Never Ache.

Never endure this trouble. Use at once the remedy that stopped it for Mrs. N. A. Webster, of Winnie, Va., she writes "Dr. King's New Life Pill," wholly cured me of sick headache I had suffered from for two years." Cure Headache, Constipation, Biliousness, 25c at Swann-Day Lbr. Co.'s store.

Unusual Ear of Corn.

Mr. J. Andrew Cain, proprietor of Hope Mills, has on exhibition a mammoth ear of corn containing thirty four rows of grains, which is exciting much interest among farmers. It was grown in Clark county and sent here by Mr. John Goff of that county. The average sized corn cob has on it only eighteen or twenty rows of grain.

Must Not Be Molested.

The people of the United States from one end to the other stand shivering in the grasp of winter for the lack of coal—both hard and soft. Householders can not get a supply; mills are shut down; railways are compelled to abandon ordinary train service and the poor—the very poor—are freezing to death. In the meantime, congress does nothing to help. The tariff tax on coal stands unrepealed. The House hesitates and the Senate skulks behind the flimsy plea of improper initiative. Men women and children may die, industry may be stifled and the idle workingmen thrust upon the street, but not even the hem of the sacred garment of protection must be touched.—Lexington Democrat.

Small-Pox in Morgan.

Lindsey Maggard, of Relief, Morgan county, has broken out with small-pox. There are a number of exposures and it is feared the disease will spread.

The bartender can usually hold his own in a spirited discussion.

A Singular Occurrence.

John Darnell, of this city, is very ill from blood poisoning which was brought about in a very peculiar way and his misfortune should be a lesson to every one who is the least bit neglectful of taking care of themselves. A few weeks ago he purchased a pair of boots that were little too large for him, and, although he realized that they were rubbing a little blister, on one of his heels, he paid no attention to it. When the little blister burst the sock faded on the sore, which produced a larger sore and finally blood poisoning. His leg is now infected clear up to his body and may have to be amputated in order to relieve him.—Lexington Democrat.

The Secret of Long Life.

Consists in keeping all the main organs of the body in healthy, regular action, and in quickly destroying deadly disease germs. Electric Bitters regulate Stomach, Liver and Kidneys, purify the blood, and give a splendid appetite. They work wonders in curing Kidney Troubles, Female Complaints, Nervous Diseases, Constipation, Dyspepsia, and Malaria. Vigorous health and strength always follow their use. Only 50c, guaranteed by Swann-Day Lumber Co.

Railroads Discriminate.

In view of the location of the spoke and handle factory here, Mr. Williams, the manager, has spent some time seeing what arrangements can be made with the railroads for the transportation of raw material and it seems as if "they have it in" for Winchester. The L. & E. discriminates in favor of Clay City to an extent that is almost prohibitory, while the L. & N. will give far better rates to Richmond than to this city. The roads have all been treated fairly by Winchester and they should reciprocate.—Winchester Democrat.

A Peculiar Egg.

W. B. Hardin, of Perryville, has sent us an egg that is a world-beater. Unlike other eggs, it stands on its point; and if you place it on its side it will not remain so, but proceeds to immediately to get on the end again. Another singular thing about this egg is that it is never still a moment, but is in a constantly vibrating motion.—Harrisburg Herald.

Finds Way to Live Long.

The startling announcement of a discovery that will surely lengthen life is made by editor O. H. Downey, of Churubusco, Ind. "I wish to state," he writes, "that Dr. King's New Discovery for Consumption is the most infallible remedy that I have ever known for Coughs, Colds and Grip. It's invaluable to people with weak lungs. Having this wonderful medicine no one need dread Pneumonia or Consumption. Its relief is instant and certain." Swann-Day Lumber Co. guarantee every 50c and \$1.00 bottle, and give trial bottles free.

D. B. Simpson, the sewing machine adjustor. Call on him and have your machine repaired. Leave your orders at Rose's store, Clay City, Ky. Satisfaction guaranteed.

45

THE RACKET STORE.

Owing to the recent illness of my entire family, I have been unable to serve the good people of Powell, Estill and adjoining counties as I would have liked to have done. As we are now all able to eat all we can get and then some, we will, from now on, supply you with goods at startling LOW PRICES, so you will feel when you come to OUR STORE that you are glad you are living.

Towels, Table Linens,

Crashes, Plates, Cups and Saucers, Graniteware, Tinware, Fancy Articles.

Blankets, Quilts,

Window Shades, Gloves, Shirts, Overalls, Toilet Soaps and a Thousand and one other things will be carried by our RACKET STORE.

Don't fail to visit us as we will sell everything CHEAP at our RACKET STORE.

Gloves,

You can't beat 'em. They run from 10c per pair up to 50c. They are worth very much more. We carry all kinds; for the Ladies, the Boys and the Girls, and we didn't leave the Men out.

We have added a new line to our STORE; it is too sweet to tell, but not to eat. CANDY, and it is good and Fresh; Peanut, Cocoanut, Chocolate, Lemon and Cream. Oh, but it is nice; you might get some of those Kisses and give them to your Girl, and she won't think any the less of you. And they cost only 20c per pound.

SHOES.

Men's \$4.00 SHOES	only	82 23

Heavy Men's Shirts	worth 50 only	25
" Drawers	" 50 "	25

Ladies' Underwear only 25c per garment.

Bowen.

Died, Jan. 4, John Richard of typhoid fever. Interment Garrett cemetery.

The firm of Knox and Drake has been mutually dissolved, Mr. Knox retiring.

D. B. & C. B. Skidmore have purchased a fine lot of timber on Gladys branch and are now logging it up.

V. C. Martin, Deputy County Clerk, was on the South Fork last Wednesday drawing and taking acknowledgements of deeds, mortgages and etc.

It's always stylish to wear large pockets lined with greenbacks.

New Century Comfort.

Millions are daily finding a world of comfort in Bucklin's Arnica Salve. It kills pain from Burns, Seals, Cuts, Bruises; conquers Ulcers, and Fever Sores; cures Eruptions, Sulf-Rheum, Boils and Felsons; removes Corns and Warts. Best Pile cure on earth. Only 25c at Swann-Day Lbr. Co.'s store.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour, if it's in good condition. If the movement is sluggish, there's something wrong. It will move 3,558 miles in a year, and requires less than one-tenth of a drop of oil to make it run. But it needs that little badly. The least degree of friction on the bearings alters the motion. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay and satisfy you.

WEBB, the Jeweler,

CLAY CITY.

Of course you paid the bill but you've lost the receipt.

Pay all your bills by check in the future. A cancelled check is a receipt in itself.

If you haven't an account with us already, open up one and see how convenient it is.

Courier-Journal	\$1.00
" Cincinnati Enquirer	1.10
" Louisville Commercial	75
" Home and Farm	75

SPOUT SPRING.

B. S. Burgher made a business trip to Stanton Monday.

Miss Nannie Christopher visited her sister, Mrs. A. R. Lowry, at Ruckerville last week.

Mr. and Mrs. Morgan McKinney visited the family of W. J. Christopher Saturday night and Sunday.

J. H. Dawson and J. M. Owens each bought a bunch of shotes in this community last week at rom 5¢ to 5½¢.

Walter C. Burton, who left here a few weeks ago, going to Michigan, has gone to Nevada where he has secured employment.

Mr. Wildy Hiley, of Carlock, Illinois, is visiting his sister, Mrs. A. J. Barnett, near here and other relatives and friends in this part of the county.

United States Marshal W. G. Sharp made a raid on a moonshine still on Buck creek, this county and captured some singlings, and a seventy gallon copper still. The operators escaped.

Sunday is regular preaching day at the Methodist church. We are glad to have the assurance that there will be services. Pastor Willis is proving himself to be a prompt, consecrated and faithful servant of his Master.

John W. Barnett and T. J. Wright will each have a sale in this month and move to Missouri. Mr. Wright's sale will be on the 22 and Mr. Barnett's will be the 28. Each of them will sell quite a lot of valuable property. See hand bill for particulars. Mr. Barnett will also sell or rent his farm.

MANSFIELD'S FLOUR

Has a taste and a flavor all its own, and possessed by no other flour sold in this section. We select our wheat from farms of the best growers in Central Kentucky, and nothing but choice grain goes into the manufacture of our flour. It's milled right too.

Ours is one of the best equipped mill plants in the State. You may buy BEST PATENT or MOUNTAIN LILY with the full assurance that baking results will not disappoint you.

Ask your Grocer for Mansfield's flour.

R. C. Mansfield & Son,
ROSSLYN, KY.

Small-Pox at Jackson.

There is a case of small-pox in Jackson. The patient is being guarded in an isolated place to prevent the possibility of the small-pox becoming epidemic.

Paris to Have a Public Library.

The Paris City Council has accepted the terms of Carnegie of \$12,000 for a free public library and has appointed a committee to select a site and report the cost of same.

Just in Time.

It has developed since the killing of Daniel Otis by a train, at Farmers a few days ago that he had been to Mt. Sterling the day he was killed, and had taken out \$2,000 life insurance. The policy was found in his pocket.

Blown Into the Air.

Near Caseyville, two boys, Jas. Newkirk and John Knight shot at some birds on a magazine in which powder and dynamite were stored. An explosion followed and the boys were hurled into the air, sustaining injuries that may prove fatal.

Before the Grand Jury.

Henry E. Youtsey was summoned before the Franklin county grand jury at Frankfort Friday in the Goebel murder case. As to what he testified will not be known until Powers is again put on trial. Youtsey seemed anxious to get before the grand jury.

Pardon Power Abused.

Governor Beckham has pardoned Cash Graves, the noted and desperate horse thief sent up from Madison county at the last session of Circuit Court. Graves terrorized the people in many parts of Kentucky for years, and is now again turned loose to resume operations.

The Second Child to Burn to Death.
Near Madisonville, the little four-year-old daughter of Lee O'Brien was burned to death Saturday. Her clothing caught fire from an open fire place before which she was playing. The case is a very sad one as just about a week ago, a younger child of O'Brien was burned to death in the same manner.

Should Be Repudiated.

The Lexington Herald whose political complexion changes with the moon, but is generally found on the Republican side of the house about election time, has again landed the city printing of Lexington. No true Democrat will endorse the City Attorney's action in this matter, and he should at once be repudiated by the party.

A Valuable Judge.

Judge Thomas Nevitt, of St. Clairville, Mo., has been in jail ever since he was elected but was let out to spend Christmas with his family. Years ago, the Federal Court ordered the county to pay certain railroad bonds, but the judge refused to sign the warrant, as he believed the citizens of his county believed them to be unjust. The Federal authorities have therefore kept the Judge in jail for contempt of Court.

New Kentucky Routes.

Beginning Feb. 2, the following rural delivery routes will be established: Maysville; four routes, area covered, 80 square miles, population served, 3,187; Moreland Lincoln county, one route, area covered, 40 square miles, population served, 748; Augusta, Bracken county, one route, area covered 10 square miles, population served 891; Lewisport, Hancock county, one route, area 41 square miles, population 666;

Providence, Webster county, one route, area 38 square miles, population 635; Richmond one route, area 38 miles, population 648; Waddy, Shelby county, one additional route, area 40 miles, population 630.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Buy Glasses From an Optician.

Perhaps some people don't yet know that Clay City has an optician. There is no reason for one buying a pair of misfit glasses, at any cross-roads store, when they can have their eyes tested and glasses accurately fitted by a competent optician for but a trifle more. When your eyes need attention, see WEBB, the Optician.

Farm For Sale.

Fifty acres river bottom land with good improvements; dwelling with six rooms, store house and good stables and other out buildings. Will sell on easy terms.

J. W. TIPTON, Clay City.

It always hurts worse to be cut with an ax of one's own grinding.

Rev. Irl R. Hick's 1903 Almanac.

To say that this splendid work of science and art is finer and better than ever, is stating it mildly. The demand for it is far beyond all previous years. To say that such results, reaching through 30 years, are not based upon sound sense and usefulness, is an insult to the intelligence of the millions. Professor Hicks, through this great Almanac, and his famous family and scientific journal, Word and Works, is doing a work for the whole people not approached by any other man or publication. A fair test will prove this to any reasonable person. Added to the most luminous course in astronomy for 1903 forecasts of storms and weather are given, as never before, for every day in the year, all charmingly illustrated with nearly two hundred engravings. The price of single Almanac, including postage and mailing is 30 cents. Word and Works with the Almanac is \$1.00 a year. Write to Word and Works Publishing Co., 2201 Locust Street, St. Louis, Mo.

Three children burned to death in Kentucky in two days of this week. All caught from open grates. Parents can't be too careful with their children about open fires.

THE TIMES.

AN ALL HOME-MADE PAPER

THURSDAY, - JANUARY 15, 1903.

LOCAL BREVITIES.

Geo. P. Douglas, of Levee, was in town Saturday on business.

Mrs. Mahalia Curtis visited Mrs. Geo. W. Lewis at Thomson last week.

Mrs. Henry Waldron continues at a very low stage with doubts of her recovery.

The Methodists closed a protracted meeting at Campton last week with 60 additions.

Bracken Academy, the new school at Morghead, opened last Monday with 65 students.

Elder J. A. Webb has been laid up the past week with the grip, but is now able to be out again.

A correspondent of an exchange makes the statement that it rained every Sunday night and Monday in December.

Miss Grace Adams, who has been so low with typhoid fever, is much improved, and is now in a fair way to recovery.

It has been very cold this week, and we are having a splendid ice harvest. Those who have ice houses have made use of the opportunity.

Several from this place were summoned before the County Board of Supervisors at Stanton Wednesday to show cause why their property should not be raised.

Mr. Geo. Sonles, of West Virginia, who lived in Clay City for a time is in town on business. Mr. Sonles tells us that he lost two children last fall with appendicitis.

In an article of last week the information was conveyed that J. A. Webb, Jr., lived in Cincinnati, in this the TIMES was in error as Mr. Webb has moved to Pittsburg, W. Va.

There arrived at the home of Judge and Mrs. W. T. Webb, Thursday, January 8, a lively and noisy little man. He came with his "grip" and will remain for an indefinite time.

Our ever enterprising and up-to-date barber, Frank Webb, has just received an extensive sideboard fitted with plate glass mirror. Mr. Webb intends to serve his patrons with the best of everything.

Mr. Wildy Hiley, of Carlock, Ill., is visiting relatives and old friends in this county. Mr. Hiley lives in a section of Illinois where a number of other Kentuckians also reside, and he reports that they all are well and getting along well.

Geo. Ware, who has been in Missouri the past few months, returned home Monday. He was in a wreck on the Big Four in Indiana, in which there were fourteen killed and several others hurt. Mr. Ware himself didn't escape injury, as he got a very hard lick on the forehead and his nose skinned up considerably.

You'll want some kind of nice Christmas presents or one, for a birthday or wedding. W. T. Webb, the jeweler, can suit you with something nice and serviceable.

Our sidewalks and street crossings haven't bothered us much the past few days, but what will we do when they thaw out?

Albert Gravett, of Bloomington, Ill., who is visiting his parents, Mr. and Mrs. R. H. Gravett, at Log Lick, was in town yesterday. Albert is looking well, and says he will return the first of February.

Now in Nevada.

Walter C. Burton writes us from Byndon, Nevada, and incloses a subscription to the TIMES. Walter is railroading, and is getting a good salary.

Free Cure for Sick headache.

Chamberlain's Stomach and Liver Tablets are a certain cure for sick headache. If taken as soon as the first indication of the disease appears they will prevent the attack. Get a free sample of any dealer in patent medicine and give them a trial.

Comes Back to Kentucky.

Mr. Peter Mountz, is with his brother A. Mountzon Hardwick's Creek, where he will make his home, his wife being dead and his children all being married. Mr. Mountz lived at Covington until a few years ago when he moved to Missouri. He had not been in this part of the State before in fourteen years.

A Profitable Business.

We know of no business that would pay better, in our judgment, than a coal and feed store in Clay City, one that would content themselves with a reasonable profit and give full weight with prompt delivery. Let some energetic person embark in this business, there is money in them.

Croup.

The peculiar cough which indicates croup, is usually well known to the mothers of croupy children. No time should be lost in the treatment of it, and for this purpose no medicine has received more universal approval than Chamberlain's Cough Kennedy. Do not waste valuable time in experimenting with untried remedies, no matter how highly they may be recommended, but give this medicine as directed and all symptoms of croup will quickly disappear. For sale by all dealers in patent medicine.

Ads Pay in The Times.

Mr. Wm. Snowden, for one at least, is convinced of the real value of an ad in the TIMES. Week before last he put a small notice of a horse for sale, and contracted for it to run four weeks, but he sold him last week, so he withdraws the notice to keep from being bothered further with prospective horse buyers. Another gentleman who had a notice in a recent issue said he was really surprised to learn how widely the paper was circulated.

Young man, Educate for Success at Wilbur Smith's Business College.

Teachers, Clerks, and Farmer boys should pursue the Business Shorthand and Typewriting or Telegraphic course at Wilbur Smith's Business College, Lexington, Ky. He refers to 10,000 successful graduates. Kentucky University diploma under seal awarded his graduates. Over 500 students, from 20 states this year. The demand for his graduates at this time to fill positions exceeds the supply. This College has not been closed a week day in 27 years. Students can begin at any time. Cost reasonable. If you have any idea of attending a Business College this winter or spring, write immediately for a large illustrated catalogue to W. R. Smith, Lexington, Ky.

Too often it is the thing left unsaid that should have been spoken and the thing spoken that should have been left unsaid.

Get a free sample of Chamberlain's Stomach and Liver Tablets from any dealer in patent medicine. They are easier to take and more pleasant in effect than pills. Then there use is not followed by constipation as is often the case with pills. Regular size, 25c. per box.

Successful Hunters.

William Chism and two sons killed over 250 birds from the 15th of November to January 1st. — Winchester Democrat.

Fatal Hunting Accident.

In Rowan county while out hunting rabbits William McDaniel was shot and killed by a companion. McDaniel's cousin was killed in the same manner a few months ago.

All dealers in patent medicine guarantee every bottle of Chamberlain's Cough Remedy and will refund the money to anyone who is not satisfied after using two-thirds of the contents. This is the best remedy in the world for a grippe, coughs, colds, croup and whooping cough and is pleasant and safe to take. It prevents any tendency of a cold to result in pneumonia.

A Farmers' Trust.

A farmers' trust has just been organized under the name of the National Society of Equity with headquarters at Indianapolis, to promote cooperation among producers and control prices of the field, orchard and garden products.

Don't Worry.

This is easier said than done, yet it may be of some help to consider the matter. If the cause is something over which you have no control it is obvious that worrying will not help the matter in the least. On the other hand, if within your control you have only to act. When you have a cold and fear an attack of pneumonia, buy a bottle of Chamberlain's Cough Remedy and use it judiciously and all cause for worry as to the outcome will quickly disappear. There is no danger of pneumonia when it is used. For sale by all dealers in patent medicine.

MARRIED.

Mr. R. L. Daniel and Miss Mary Smith were united in matrimony at the bride's home near town, Wednesday, Jan. 7, 1903. They are at home at Darlingville, near this place.

Mr. E. G. Wills and Miss Susie Bell Mattingly were united in marriage at the bride's uncle's in Harrodsburg, Thursday, Jan. 8 by Rev. J. I. Wills, father of the groom. Mr. Wills was raised in this country where he has numerous friends.

Mr. Cyrus Elkin, of Clark county, and Miss Eliza McRoberts were married at the residence of the bride's uncle, Mr. John McRoberts, this town, Wednesday, Jan. 7. They will go to housekeeping at once in the groom's home. Rev. R. A. Irvin officiated.

Dislocated her Shoulder.

Mrs. Johanna Soderholm, of Fergus Falls, Minn., fell and dislocated her shoulder. She had a surgeon get it in place as soon as possible, but it was quite sore and pained her very much. Her son mentioned that he had seen Chamberlain's Pain Balm advertised for sprains and soreness, and she asked him to buy her a bottle of it, which he did. It quickly relieved her and enabled her to sleep which she had not done for several days. The son was so much pleased with the relief it gave his mother that he has since recommended it to many others. For sale by all dealers in patent medicine.

Surplus \$20,000.

We solicit the accounts of individuals, firms and corporations. 5-42

KING'S
ROYAL GERMETUER
TAKEN
AS RELEASED BY THE
BLOOD STOMACH BOWELS
KIDNEYS AND NERVES

All sickness is caused by disease germs. These germs are in the air we breathe, in the water we drink, in the food we eat, and our bodies are full of them. Any disorder of the blood, stomach or bowels, or any trouble or cut on the body will put these germs to work and sickness and pain follow. To restore health these germs must be killed. King's Royal Germetuer is

A GERM KILLER.

Taken internally it goes into the blood and through all the pores in the body, absolutely killing the germs of disease. There is no other medicine like it, and hence thousands of injuries seem almost like miracles. It has thousands of endorsements to its credit.

KILLS GERMS OF MALARIA.

Cyrus, Ark., July 22, 1901.
Malaria cannot exist where King's Royal Germetuer is used.

W. A. WATERS.

CURES KIDNEY TROUBLE AND INDIGESTION.

Letter, Ga., Apr. 1, 1901.
King's Royal Germetuer has done more good than any medicine I ever took in my life for kidney trouble and indigestion. It is like a new man since taking four bottles.

C. J. WADE.

Germeter is sold everywhere,
One Bottle, \$1; 6 Bottles, \$5, or send direct
from the laboratory.

Address,
GEORGIA MEDICINE CO., BARNESVILLE, GA.

A Remarkable Railroad.

L. B. Love, of this place, believes that he rode on the steam cars before any person now living in Montgomery county. His first ride, in 1846, was on a road built from Frankfort to Lexington, Ky., the first road built in that State and before any line was built west of the Mississippi. The road was a crude affair, the rails being of wood and shod with wagon tire iron. The engine was of the traction order, and one man was kept sitting on the front of the engine to look out for the "snake heads," which was no more or less than the tire iron coming loose and curling upward on the rail. The coaches were seated with saw mill slabs, and the train made about ten miles per hour. What a grand kicking opportunity such a road would be nowadays. — Middle-town (Mo.) Chips.

World Full of Fakes.

The country is overflowing with fake steel range peddlers, fake fruit tree men, fake jewelry men, fake everything whose ways are dark and whose tricks are vain; look out for them. Be on your guard. Do not permit any only-tongued, smoothly worded scamp goat who, if his just deserts were meted out to him, would, no doubt, be in jail, to inveigle you into signing papers about which you know nothing. You have in your own country town honest and responsible men to deal with, men whom you know will not defraud you. They are men to tie to rather than the roaming roustabout, whose sole aim is to beat the farmer, to beat everyone he comes in contact with. Patronize your home merchants.—Ex.

They Will Come Back.

Prof. R. C. Adams and family have returned from Oklahoma and the Prof. is now instructing a class in vocal music at Valley View. Prof. Adams was here for a time last summer, and a notice of his removal to Oklahoma appeared in the TIMES a few weeks ago.

Col. Sam H. Stone, former Auditor of Kentucky but now President of the Stone Tobacco Warehouse Company, of Louisville, has accepted the chairmanship of the Sub-Finance Committee on Tobacco of the Kentucky Exhibition Association, and will at once begin an active canvas among the tobacco firms and corporations of the State for subscriptions to the \$100,000 fund now being raised. He will probably see that every big tobacco growing county in the State has representation, so the contributions will be large.
